

THE CONGRESS WHERE THE NEXT GENERATION LEADS

PRELIMINARY PROGRAM

9 - 10 NOVEMBER 2026

Auditorium Nino Ricci · C.C.I.A.A. · Pisa, Italy

CHAIR: GABRIELE NALDINI

SCIENTIFIC DIRECTOR: JACOPO MARTELLUCCI

SCIENTIFIC COMMITTEE

Blanca Montcusì
Tamara Fernandez Miguel
Sara Tavares Nogueira
Serkan Zenger

SENIOR EXPERTS

Frédéric Ris
Tommaso Simoncini
Pasquale Talento
Vincenzo Vigorita

MONDAY • NOVEMBER 9TH 2026

08:30 *Registration*

08:45 Welcome & Introduction – **Gabriele Naldini & Jacopo Martellucci**

INSTRUMENTAL AND FUNCTIONAL ASSESSMENT OF MULTICOMPARTMENT PELVIC ORGAN PROLAPSE

Chair: Pasquale Talento

09:00 Anatomy of Pelvic Floor – **Pasquale Talento**

09:20 Physical Examination / Diagnostic – **Blanca Montcusí**

09:40 Application and Relevance of 3D Reconstruction for Surgical Planning in Complex Pelvic Floor Pathology – **Alejandra de Andrés Gómez**

10:00 *Interactive discussion*

10:30 *Coffee break*

FACTORS INFLUENCING CONSERVATIVE, REHABILITATIVE, OR SURGICAL DECISION-MAKING

Chair: Vincenzo Vigorita

11:00 Patient Selection and Conservative Strategies for Pelvic Floor Disease – **Vincenzo Vigorita**

11:20 Structured Multidisciplinary Management of Low Anterior Resection Syndrome After Rectal Cancer Surgery: Outcomes from a Specialized LARS Clinic – **Nuria Ortega**

11:40 From Referral to a Dedicated Pelvic Floor Pathway: Stepwise Implementation of a Multidisciplinary Service in a Secondary Care Hospital – **Ana Navarro**

12:00 Posterior Tibial Neurostimulation for Fecal Incontinence in Community-Dwelling Older Adults: Long-Term Outcomes and Predictors of Response – **Monica Serrano-Navidad**

12:20 Rehabilitation Strategies – **Jacopo Martellucci**

12:40 *Interactive discussion*

13:00 *Light lunch*

SURGICAL MANAGEMENT OF MULTICOMPARTMENT PELVIC FLOOR PROLAPSE

Chair: Tommaso Simoncini

14:00 Surgical Approach of Complex Multicompartment Prolapse – **Tommaso Simoncini**

14:20 Early and Long-Term Functional Outcomes of a Novel Surgical Technique for the Treatment of Rectocele – **Zaira Bekova**

14:40

Safety and Early Functional Outcomes of Transvaginal Rectocele Repair with Porcine Collagen Mesh: a Prospective Study – **Alejandra de Andrés Gómez**

15:00

Combined Minimally Invasive Reconstruction for Recurrent Multicompartmental Pelvic Organ Prolapse: a Tailored Technique – **Francesco Ghiglione**

15:20

Mini-Invasive J Colpo-Perineorectopexy with Titanized Polypropylene for Global Perineal Descent: Technique and Functional Outcomes – **Carlotta Laranja**

15:40

Interactive discussion

VIDEO SESSION

Chair: *Gabriele Naldini*

16:00

Step-by-Step Robotic Colporectosacropexy for Multicompartment Prolapse: a Surgical Video Technique Using the Hugo RAS System – **Monica Serrano-Navidad**

16:30

Tailoring Surgery to Frailty: Delorme's Procedure in a 90-Year-Old High-Risk Patient with Complete Rectal Prolapse – **Giuseppe Candilio**

17:00

Step-by-Step Robotic Ventral Rectopexy Using the Da Vinci Platform – **Tamara Fernández**

17:30 *End of the day*

TUESDAY • NOVEMBER 10TH 2026

OASIS MANAGEMENT

Chair: *Frédéric Ris*

09:00

Occult Anal Sphincter Injuries After Vaginal Delivery: a Comparative Evaluation of 2D Transvaginal and 3D Endoanal Ultrasonography – **Zaira Bekova**

09:20

Anatomic Sphincteroplasty Techniques – **Sara Tavares Nogueira**

09:40

Autologous Lipografting After Sphincteroplasty Reduces Fibrosis and Inflammation While Promoting Angiogenesis: a Histological and Immunohistochemical Case-Control Study – **Zaira Bekova**

10:00

Puborectalis Reconstruction – **Frédéric Ris**

10:20

Interactive discussion

11:00

Coffee break

MANAGEMENT OF COMPLICATIONS OR RECURRENCE AFTER SURGERY

Chair: *Gabriele Naldini*

11:30	Shifting from Minimally Invasive Sacral Fixation to Anterolateral Myopectineal Suspension for Complete and Recurrent Rectal Prolapse in Young Males – Francesco Ghiglione
11:50	Recurrent Colonic Prolapse After TaTME and Cystectomy: a Novel Geneva Salvage Technique Combining Transanal Resection and Posterior Biological Mesh Reinforcement – Iride Porcellini Arialdo
12:10	Think Before You Redo: Choosing the Optimal Strategy After Early Ventral Rectopexy Failure – Filipa Santos
12:30	Rectovaginal Fistula After Stapled Prolapsectomy: Early Transvaginal Repair Without Fecal Diversion for a Distinct Iatrogenic Complication – Carlotta Laranja
12:50	Complete Regression of Buschke–Löwenstein Tumor After Partial Surgical Excision Combined with HPV Vaccination and Topical Imiquimod: a Case Report – Guido Coretti
13:10	<i>Interactive discussion</i>
14:00	<i>Closing ceremony</i>

GENERAL INFORMATION

Duration: 2 days, 9th – 10th November 2026

Official language: English

REGISTRATION FEE

The complete training cost is **€ 500 + VAT**.

Special rate ESCP members is **€ 400 + VAT**.

The registration fee includes: certificate of attendance, coffee breaks and lunches.

CONGRESS VENUE

Auditorium Nino Ricci – C.C.I.A.A.

Piazza Vittorio Emanuele II, 5

56125 Pisa – Italy
